

The only way to live

Sometimes people say, they say hurtful things

Sometimes people forget to be nice

If there's one thing that I know, you have to be kind

To put a smile on the face of a stranger has to be right

Be nice and be kind

It's the only way to live

It's the only way to live

Sometimes people say, they say the wrong thing

But let us not forget, you have to forgive

If there's one thing that I know, you have to do right

Be an example to your friends, and always be kind

Do right and be kind

It's the only way to live

It's the only, the only, the only way to live

It's the only way to live

It's the only, the only, the only way to live

We need teamwork to get it right
We need teamwork every day and night
So respect your sister, respect your brother
Smile at the world as we live together
Stronger as one, united we sing
Peace and joy is all we bring

Be nice and be kind
It's the only way to live
It's the only, the only, the only way to live
Yeah, it's the only way to live
It's the only, the only, the only way to live
It's the only, the only, the only way to live
It's the only, the only, the only way to live
